Swim Aid

Swim Aid

The Swim Aid is designed to help young children stay afloat when they are first introduced to the water and are learning to swim. The swim aid is provided with a super-soft filling for a very comfortable fit. The tailored model ensures a close fit around the body. The jacket is very easy to put on. The side and waste straps can be easily adjusted on the body. The jacket is manufactured of High Visible 100% decoration fabric for easy and quick identification in the water.

NOTE: this is not a life jacket!

Dog Jacket Standard

Dog Jacket

This buoyancy aid is specially designed for the safety of man's best friend. For the duration of its sojourn at or on the water, your dog will be highly visible thanks to the High Visibility fabric used in the design of this special dog vest. The vest consists of a cover filled with light PE foam filling and fitted with dual ventral belts and a single collar belt with buckles that are both easy to adjust and close.

The vest will in no way impair your dog's freedom of movement. D-shaped rings fitted on top of the cover allow easy attachment of a leash. A strong lifeline attached to the top of the vest makes it easy to (quickly) pull the animal out of the water. Extra advantage: The vest will also protect your dog against cold on or at the water.
